Welcome interested friends and community members!

As many of you know, SPIN: supporting people in need, is a barely two-year old non-profit agency in Silver City, New Mexico, working towards our goal of housing those most in need and alleviating suffering for our most vulnerable community members.

We are in the process of our biggest project, an affordable housing unit that will provide Permanent Supportive Housing for those who are unable to access housing and remain in houses without ongoing support. This is in development stages still; we are working towards acquiring a parcel of land in order to move to the next phase. We anticipate that project to still be a few years away before completion.

Our current smaller project is in operation: Transitional Housing. For one year now we have been housing single men coming from difficult circumstances including incarceration, who would without this supportive care, be homeless. Our clients, up to four at a time, are housed together, sharing the full accommodations we all enjoy from our housing: bedrooms, shared living room, bathroom, kitchen, laundry. Our office is onsite, providing guidance, classes, social worker support to help each client transition towards independent living again, with dignity and hope. This is a sober living environment, and clients are held to a standard of acceptable behavior. Each client is also accepted to the program by recommendation from those familiar with the client. The goal is that each client be ready to move out of the program in about 6 months. We have had some definite successes.

Good news.... we will be moving our Transitional Housing and SPIN office to a new location very soon. This will be a larger facility, at a very good location.

In addition to Transitional Housing management, our director Christie Wolford and staff, provide services to other clients in need: (Christie, please fill in here)

Current needs:

- 1. volunteers with various talents, such as Tech support, communications, organizing volunteers, participating in upcoming activities.**
- 2. donating useful items for our clients: often hygiene items, those items that cannot be purchased with food stamps, winter and summer clothing for both men and women.**
- 3. Food! While we are fortunate to have received a grant from Single Socks helping us provide adequate food, other clients come by and are thrilled to have some food ready, such as sandwiches, burritos, homemade goodies....**
- 4. your time and presence: just dropping in, getting to know some of our clients, listening to their stories is appreciated. Many are coming from harsh experiences and are grateful for every kindness.**

We will be having an open house for the community to see our new location, learn more about supportive housing, on May 5, Sunday, from 1:00-3:00 PM.

Please come by and see us and invite friends.

Sincerely,
